

The class awards 2010

The region's biggest showcase of learning excellence

The CoLaS Awards are back. There's a new look and a new name but this will still be one of the biggest and most prestigious awards ceremonies in the region.

If you or your organisation are at the cutting edge of skills development and learning then you should enter the class awards. This is your opportunity to show the North East how you or someone you know has improved personally or how your organisation survived or thrived with the help of innovative learning and investment in skills.
